

Colombian Party

Did you know that ...

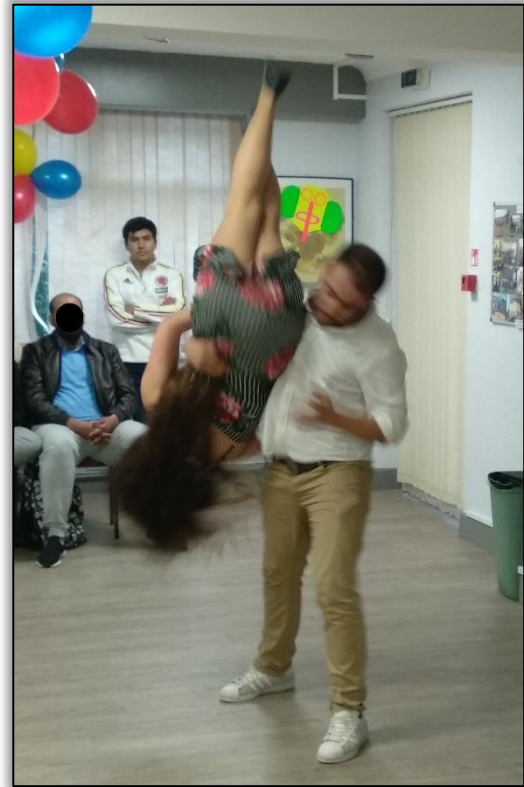

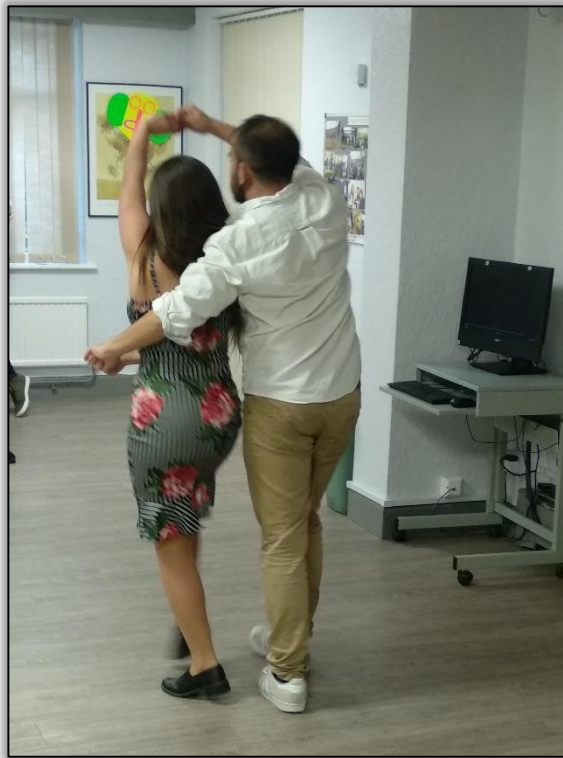

... the explorer Christopher Columbus gave Colombia its name?

... almost 20% of all butterfly species can be found in Colombia?

... Or that Colombia is the 3rd largest exporter of coffee in the world?

NO? Then you should have definitely come to our Colombian Party on 28th March 2019!

Spectacular Salsa-dancing with breathtaking stunts

*In the end, we just had to try it ourselves:
(but without the lifts)*

After all the dancing, we really deserved some food.

The Colombian specialities were absolutely delicious. The coffee itself would be reason enough to go to Colombia let alone the Empanadas, Bocadillos and Limonada!

We were having a wonderful time and lots of fun!

GRACIAS

for organising this amazing party and giving us an insight into your culture and country!
