Welcome to our 2020 international course guide. This guide gives details of our courses for 16-18 year olds who want to study in the UK.

New City College is London's second largest college, with 16-18 year old students from a range of countries, located in the dynamic east of the city, close to the financial and artistic hubs. We have good success rates at our college and 88% of our students went into top UK universities last year. Students can choose from a wide range of courses and a great student experience as well as studying and living in one of the most exciting cities in the world.

Alternatively, they can study at one of our vocational or English language courses in the beautiful seaside town of Bournemouth at the British Council accredited Westbourne Academy.
